SERIOUS RIOT

In Dublin During a Big Nationalist Demonstration.

Procession Was Attacked by Some of the Bystanders With Stones.

The Nationalists Then Charge the Crowd With Their Spears, Wounding Many People—The Police Then Attack the Rioters and Use Their Batons.

BELFAST, Aug. 17.—Serious rioting occurred here Monday morning in connection with the nationalist manifestations in favor of granting amnesty to the Irish political prisoners. There were several processions of nationalists through the streets as a beginning, and they were finally merged into a large procession, headed by bandsmen, armed with spears. The procession soon attracted immense crowds of people and stone throwing commenced. This served to enrage the nationalists, and the bandsmen attacked the crowd with their spears, wounding many people. The police charged the rioters and used their batons freely, with the result that several persons were hurt before order was restored. The rioting caused great excitement throughout the city, and further disturbances were feared Monday evening if the demonstrators carry out their threat of returning in very much greater strength and marching in procession throughout the main streets of Belfast. The police, however, are taking steps to make a display of force calculated to prevent any further serious rioting, and if necessary the military will be called upon to assist the constabulary in maintaining order.

YORK, Pa., Aug. 17.—Emig's grove camp meeting grounds, five miles north of this city, was devastated by fire early Monday morning. The five double cottages, a large tabernacle and a dining hall were reduced to ashes. The loss will reach about \$10,000.

NORTH ATLANTIC SQUADRON.

The Fleet Will Participate in the Reception to Be Given Li Hung Chang on His Arrival in New York.

NORFOLK, Va., Aug. 17.—The battleships Maine and Texas, which are now at the Norfolk navy yard did not join the North Atlantic squadron before its departure as it was intended they should. The Texas' crew was not complete and her stores are not all on board of her yet. Besides this her magazines must be replenished before she goes to sea. The Raleigh, however, brought down a draft of men from the New York yard which will be assigned to the big battle ship at once, when she will probably go to Tompkinsville, Staten Island, to join the squadron. The Maine, which bent several of her plates in southern waters while on patrol duty off Florida, will also proceed northward just as soon as repairs to her can be completed.

The fleet will remain in New York harbor until the arrival of Li Hung Chang, and will participate in the reception to be given him.

BY LIGHTNING.

Several Persons Lose Their Lives in Central Virginia.

WASHINGTON, Aug. 17.—A special from Norfolk, Va., says: During a severe storm which swept over central Virginia a number of fatalities from lightning occurred. An old distillery building at Falmouth was blown down, and as the workmen rushed out two of them—Walter Williams and D. J. Foster—were struck by lightning and instantly killed. In Norfolk county, a colored driver, and his team of two mules were killed. Preston Wilde, a farm hand near Harrisonburg, sought refuge under a white oak tree, which was struck by lightning, killing the man beneath it. The same bolt paralyzed Rev. Jacob Zimmerman, a German Baptist minister.

Yaqui Indians Moving North.

WASHINGTON, Aug. 17.—General Wheaton, commanding the department of Colorado, telegraphs the war department that he believes the Yaqui Indian raiders have moved north. They have scattered, and the recent heavy rains have obliterated their trails. They are on foot. The prompt arrival and action of the United States troops has been beneficial, and the soldiers are so stationed as to intercept the raiders, who have not returned to Mexico.

READING, Pa., Aug. 17.—Frank Daniels, an alleged lunatic, attempted to steal a pair of shoes in front of a Penn street store Monday afternoon. He was caught in the act, but before he was secured he stabbed four persons, two of them seriously.

ECONOMY

Exercised by the Military and Naval Officers.

Eleven Months of Machinist Dunphy's Imprisonment Remitted.

The Term of Imprisonment of Two Soldiers Reduced One-Half—Full Dress Uniforms for Members of the Hospital Corps Discontinued.

WASHINGTON, Aug. 17.—Unusual economies seem to be exercised by military and naval officials. Last week Assistant Secretary of the Navy McAdoo remitted eleven months of the year's imprisonment which was imposed upon Machinist Dunphy, of the ram Katahdin, dismissal to follow on the ground that it is too expensive to keep him in prison that long.

General orders just issued by Gen. Otis, in command of the department of the Columbia, seem to show that the same policy is to be followed in the army. Two soldiers were sentenced to dismissal, following a year's imprisonment for desertion. Reviewing the report of the court-martial Gen. Otis approves the sentence, after reducing the term of imprisonment six months.

Similar remission of punishment is also made by Gen. Forsythe, department of California. Orders from the same headquarters relating to the transfer of horses and mules from one point to another require the transfers to be made without cost for transportation.

The following order has been issued by the president:

Executive Mansion, Washington, Aug. 10, 1896.—To the present schedule of punishment for enlisted men established under act of congress, approved September 27, 1890, is announced in executive orders of March 20, 1895, as promulgated in general order No. 16, of 1895, from the headquarters of the army, is added:

First class privates of engineers and ordnance may be reduced to second class privates of those corps respectively, in all cases where, for like offenses on the part of non-commissioned officers, their reduction in grade is now authorized.

(Signed) GROVER CLEVELAND.

Major Gen. Miles has promulgated the following:

By direction of the secretary of war, the issue of full dress uniforms to hospital stewards, acting hospital stewards and privates of the hospital corps, will be discontinued and an equivalent allowed in money value of white cotton duck clothing will be made instead.

The first infantry has been concentrated in full force at Presidio of San Francisco, and is now marching to Santa Cruz, where it will arrive on the 20th inst., for a month's instruction in evolutions of the regiment.

SCARCITY OF RAIN

Retards the Cotton Crop in Northern Texas.

DENISON, Tex., Aug. 17.—R. M. King, the cotton exporter, and who has a correspondence with the entire cotton belt, issued the following bulletin:

"In north Texas not over one-third of the area has been visited by rains at all, and it is safe to say not one acre in 100 has had enough to suffice the present needs of the plant.

"Notwithstanding the recent showers we do not hesitate to advance the opinion that the great 'monster' crop of '96, that was to be, has surely miscarried, and that the crop that was sold in May and June for a 10,000,000-bale crop, will be under 7,000,000 bales, and by the last of September we will probably see the bulk of north Texas cotton ready for the market, if not sold."

STRATEGIC VALUE

Of the Baltic-North Sea Canal Tested by the Germans.

BERLIN, Aug. 17.—The plan in connection with the German naval maneuvers to test the strategic value of the Baltic-North Sea canal has been carried out without a hitch. Thirty-nine war ships have traversed the canal in 30 hours, without an accident of any kind. This performance, in view of the adverse foreign comment upon the capacity of the canal, is regarded as a feat that greatly enhances the use of the waterway, showing as it does the rapidity with which war ships can pass from one sea to the other. Emperor William is delighted with the result of the maneuvers and is particularly pleased with the successful passage of the war ships.

Discouraging Crop Report.

COLUMBUS, Miss., Aug. 7.—Crop reports from this and adjoining counties in Alabama are most discouraging. For many weeks no rain has fallen, and the excessive heat has caused the bloom to drop from the cotton plant. Young bolls are opening prematurely, and the yield will be short. The consensus of opinion is that the cotton crop is 50 per cent. short of last year.

Cable Car Collides With a Surrey.

CHICAGO, Aug. 17.—In an accident at State and Twenty-fourth streets early Sunday morning a southbound cable car crashed into a surrey, demolishing it and seriously injuring Morris Collins, Mr. and Mrs. Moses Barnett and their daughter Sophie, a nine-months-old baby. HAMILTON, Mass., Aug. 17.—Gail Hamilton (Miss Abigail Dodge), whose remarkable recovery from a shock of paralysis at Washington occurred about a year ago, was again stricken at her home in Hamilton Sunday morning, while at the breakfast table. She was apparently in her usual health when she arose. While eating breakfast she was noticed by her companion to fall forward, and before she could be reached she had become unconscious. The family physician was hastily summoned and he pronounced it another shock. He did all he could to relieve her, but so far she has not regained consciousness.

Miss Dodge was born in Hamilton, Mass., in 1859. She was a school teacher in her youth. She had been a very popular writer. KILLED ON THE TRACK.

BROOKLYN, N. Y., Aug. 17.—About half-past 9 o'clock Sunday night, while Mr. and Mrs. Thaddeus K. Martin, aged 50 and 45 years respectively, were walking on the Prospect Park and Coney Island railroad tracks at King's Highway, they were struck by a southbound train and instantly killed. It is supposed that the headlight of the locomotive dazzled Mr. and Mrs. Martin, so that they failed to discover which track the train was on until too late. The engineer and conductor of the train have been placed under arrest.

Many Suits Against Facie Sam.

WASHINGTON, Aug. 17.—Upwards of 1,000 suits have been filed in the court of claims to recover the tax paid on alcohol used "in the arts or in any medicinal or other like compound," as provided in section 61 of the tariff act of 1894. These suits cover over \$4,000,000, and there are more to come. It is estimated that if they are successful congress would have to appropriate at least \$15,000,000 to liquidate the indebtedness created by section 61.

CINCINNATI, Aug. 17.—Farmers in the vicinity of Hazelwood, a quiet hamlet on the Cincinnati, Lebanon & Northern railroad, 14 miles from Cincinnati are angry over the actions of a band who have preyed on their crops for the past three weeks.

Some time ago a lot of colored people, claiming to hail from "Happy Hollow," in Walnut Hills, went to Hazelwood and held a camp-meeting in the open fields. Sunday the crowd made its appearance, and, after putting in a noisy day, returned to the city.

Afterwards it was found that the cornfields of George Doyle and Henry Schrader had been stripped of their growing crop. The congregation had adjourned to the fields, destroying pumpkins, wrecking bean patches and carrying away basketfuls of green corn.

A searching party looked for the trespassers in vain.
